

THE **STORM PLAN**

I'm a father, husband, pilot, and small businessman, and most definitely not a politician. I never planned on running for office but the efforts of the woke, radical left across Nebraska and the nation have driven me to run for office to stand up for our conservative, Nebraska values. Like I said, I'm not a politician, so I'm going to be straight forward with where I stand on the issues. This is my plan to fight back against the radical left and to make sure Nebraska stays true to our values, not those of the coastal, leftist elites. —Jared

NEBRASKA STATE LEGISLATURE
CONSERVATIVE REPUBLICAN

Real, Responsible Tax Relief.

Nebraska is a high tax state, and we need to change that. We must reduce the tax burden on our hardworking families, small business owners, farmers, ranchers, and retirees. I firmly believe that shifting taxes is not real tax relief. The only way to real tax relief is to control government spending and create an environment that champions economic growth and fiscal responsibility. Simply put, government spending less is the only way to give Nebraskans real tax relief across the board.

Education, Not Indoctrination.

The duty of our schools is to provide children a high-quality education that prepares them to be the next generation of Nebraska's leaders. Our schools should be solely focused on the core curriculum, math, science, reading, and not on critical race theory or indoctrination on radical gender identity and sexual orientation. I believe parents are the key stakeholders in their child's education and that our schools should post curriculum online for parents to see.

STOP Illegal Immigration.

America is a country of immigrants, LEGAL immigrants. Secure borders and responsible immigration policies are paramount to safeguarding our nation. We need comprehensive reform that bolsters national security and prioritizes the rights of American citizens. This includes strengthening border security, streamlining legal immigration, and addressing the challenges associated with illegal immigration. I do not support spending one dime of Nebraska taxpayer funds to benefit those who have broken our laws to come here.

Protect Women & Children.

I resolutely believe that there are two genders, male and female. The perversion of gender by the radical left is harming our children and putting women at risk. I stand firmly against allowing gender transition for minors, I believe everyone should use the bathroom of their gender at birth, and I am totally against allowing biological males to compete against our daughters in sports.

Agriculture is the backbone of Nebraska's economy and I stand firmly behind Nebraska farmers and ranchers. Growing up in agriculture, I understand the challenges faced by our hardworking farmers and their families. I'm committed to advocating for policies that prioritize farmers' economic interests, ensuring fair market access, and championing sensible regulations that enhance, rather than impede, agricultural productivity. I believe in sustaining family farms, preserving our rural way of life, and securing a prosperous future for the agricultural community.

Every life is valuable and made in the image of God. We have a duty to protect the most vulnerable in our society, and I will always work to defend and protect preborn babies and new mothers. We must also create a culture of life that values and supports choosing life.

Back the Blue.

Nebraska's law enforcement professionals risk life and limb to protect our families. I will stand behind our hardworking law enforcement officers and stop any effort to defund the police. Public safety and the rule of law are critical to a functioning society, and I am dedicated to staunchly supporting our law enforcement agencies by advocating for robust training programs, and essential resources.

Grow the Economy.

A thriving economy is the bedrock of Nebraska's success. We must reduce bureaucratic obstacles and instead champion entrepreneurship. Lowering taxes, building quality infrastructure, and ensuring access to reliable, high-speed broadband, are key to unleashing the economic potential of our rural communities. Government should be a partner, not a hindrance, in efforts to grow our rural communities.

Defend our Freedoms.

I am an unwavering conservative defender of our constitutional rights. I will vigorously protect the First Amendment rights to free speech, assembly, and religious expression. Furthermore, I staunchly support the Second Amendment, advocating for the rights of law-abiding citizens to keep and bear arms. Our freedoms are integral to the fabric of the American way of life and I won't let anyone take them away.

Secure Elections.

I believe America is the greatest country in the world because of our people. And it is critical that our elections be fair and secure so that we can be sure that Nebraskans, not outsiders, decide our elections. I support commonsense methods, such as Voter ID, that will help to secure our future elections.

Friends, it's clear I'm not a politician. I'm a regular guy who believes we need more strong conservative leaders in Lincoln to be a voice for hardworking Nebraskans across the state. I'm a Christian conservative Republican, and in Lincoln, I will focus on the issues that matter to everyday Nebraskans. I ask for your support so that our state government continues to promote our shared values of faith, family, and freedom.

A handwritten signature in black ink that reads "Jared Harris". The signature is written in a cursive style and is positioned above a dark blue banner.

About Jared:

Jared grew up in rural Kansas and learned early the value of hard work from his father. After obtaining his pilot's license at the age of 18, Jared went to college at Kansas State University on a track and field scholarship. After graduating with a bachelor's degree, Jared went to Fort Hays State University where he earned his education degree. After briefly teaching middle school in Kansas City, Jared moved to Wahoo, Nebraska, in 1997 to pursue a career in agricultural aviation.

Working as a pilot for a local operator, Jared eventually started Storm Flying Service in 2004. Based out of the Wahoo and David City airports, Storm Flying Service works closely with farmers and seed corn companies performing aerial application. In 2011, Jared purchased an FAA-approved repair station specializing in aircraft maintenance and parts manufacturing. Storm Aeronautics was relocated to David City, Nebraska, in 2016 and continues to manufacture parts, perform maintenance, and introduce new innovative products into the aerospace industry.

Jared's farming and livestock production roots run deep in his family. His grandfather's dryland wheat and milo farm still operates today, as well as the 6,000-head feedlot maintained by his dad and brother.

Jared and wife, Colleen, have six children, Hannah (25), Matthew (17), Luke (16), Sarah (14), Elizabeth (13), and Jacob (9).
